

CLINICAL DEVELOPMENT SPECIALIST

Posted on 7 oktober, 2021

Company Name Abbot

Location Stockholm

Job Description

The Role

We are looking for Clinical Development Specialist to support and partner with our clients to grow the Abbott EP market share. This is a strategic technical support role to accelerate the increase in market share in competitor accounts, accelerating competitor users to adopt and entrench EnSite X and/or Precision mapping system in alignment with Sales strategy in the account. When needed, this function will also back up the core team of Field Technical Engineers (FTE).

Responsibilities

- Execute strategic direction per competitor account with the territory manager and the support sales team to engage trial/use of EnSite X and/or Precision install responsibility and immersion of FTE in account during trial phase.
- Understand the dynamics of the market, the healthcare and economic environment to identify opportunities to grow Abbotts market share.
- Understand customer needs by building strong business relationship with contacts at all levels within the account: consultants, physiologists, allied professional, hospital management and procurement personnel.
- Training and handover to local FTE in post-trial phase, after agreement with customer has been reached and signed.
- Back up to FTE where required.
- Roll out of LMR and clinical projects.
- Tight communication across peer group, Regional FTE's, RSM, TM marketing, Education and Capital Sales.
- Identify market opportunities to grow Abbott EP market share, product development and Abbott image

Qualifications

- University degree in Life Sciences, Engineering or equivalent

- Proficiency in all Abbott EP systems
- Abbott Trainings: full EP training at A or A+ level
- Medical background and/or experience from the Medical Device Industry
- Strong teamwork and facilitation skills as well as the ability to lead and be a member of a team.
- Good active listening skills and ability to respond constructively to the needs of others and their point of view.
- Strong ability to get the job done - meets or exceeds expectations and exhibit a sense of urgency in critical time dependent issues
- High level of persistency, despite obstacles and opposition
- Demonstrated ability to prioritize
- Possesses high drive and internal motivation.
- Good knowledge of one of local language and English, both written and verbal, other Nordic languages an advantage

What can we offer you?
