

NORDIC MARKETING MANAGER ENDOSCOPY

Posted on 28 februari, 2022

Company Name Boston Scientific

Location Sverige

Job Description

About the Role

The Nordic Marketing Manager is to support the relevant product franchises in achieving the goals and objectives of their division. This person should drive the achievement of business growth through market intelligence, focused market/competitive analysis, product positioning, development of marketing plans, product launches and training in coordination with the Sales organization.

Key Responsibilities

Market Development

Assist in the development and responsible for the execution of local market strategies; Identify clinical/market trends and suggest new product/marketing opportunities; Create and manage Physician training programs; Responsible for the implementation of strategic marketing plans for product areas consistent with the overall franchise goals and Strategic Plan; Develop creative approaches to market existing/new products; Assist in creating reimbursement strategies.

Product / Market Management

Responsible for developing, coordinating, and executing training for local sales force; Facilitate Physician to Physician training and selling; Development of downstream sales tools to support sales execution; Help the local franchises sales force with active field support; Actively participate in local sales meetings; Participate in main customer events; Develop and implement launch strategies, including launch package.

Product Development

Communication of market needs to International Marketing; Conduct continuous product evaluations and providing feedback to the International Marketing team; Contribute to prioritization input for new product development.

Building and Maintaining Relationships

Establish relationships with key thought leaders in the field; Identify key Physician champions for franchise; Develop support structure and relationship with sales representatives and sales management through responsiveness to their questions, needs and issues; Responsible for developing and maintaining regional key opinion registers; Assist in coordinating Physician symposiums.

Planning and Analysis

Maintain product forecast, including inventory analysis; Develop operational product launch strategies – identify product roll-out strategy; Franchise/product responsibility for developing competitive strategy and product analysis; Assist in providing market potential/analysis in developing market planning documents that encompass strategic planning, marketing plans, etc.; Understand how product profit/loss is impacted by consignment plans, national contracts, etc.; Responsible for tracking financial performance of product, analysis of issues and action plan development to achieve revenue objectives; Operate within and assist in the development of the franchise budget (including travel, promotion, advertising, etc.).

What are we looking for in you?

- You have experience as a Sales Manager, Commercial Manager, Product Manager or Marketing Manager within the Medical Devices industry.
- A want to learn, develop and grow within an organization.
- A Team Player, that collaborates well in the team and communicates effectively.
- A candidate that can travel on a regular basis during the week, able to cover the Nordic region and ideally lives in Sweden or Denmark.

You will report to the Northern Cluster Marketing Manager
