

TECHNICAL PRODUCT OWNER

Posted on 9 mars, 2020

Company Name Coala Life AB

Location Uppsala

Job Description

Do you want to be part of a small, global and expansive medtech-company in Uppsala with the vision to win the fight against the world's leading cause of death? Are you a curious and committed person who is driven by the opportunity to work with the best in the industry and to take great responsibility? Then this new job as our Technical Product Owner at Coala Life is for you.

About the job

As our new Technical Product Owner you manage together with our CTO the product roadmap for the Coala Heart Monitor and the Coala Care Portal. You support Sales and Marketing with all kinds of technical related questions, both nationally and internationally. Together with our sales department you gain customer insight to initiate technical development projects like integrations or product changes. As a technical product manager you own the priority list for technical projects and make sure that it is continuously updated and in line with goals and strategies. You handle technical troubleshooting of more advanced nature together with R&D. Since this role is new in the organization there is a great opportunity for the right candidate to develop this position.

Nice to have

- Technical University degree.
- Solid technical experience, both from hardware and software/connected systems (focus on software/connected systems).
- Cross-functional experience specifically from working together with Sales and Marketing functions but also in co-operation with R&D/QA/RA-functions.
- Experience from connected health devices/services is meritorious.
- Some knowledge of computer databases, Microsoft Azure/cloud technology.
- Being familiar with quality and regulatory standards within medical devices.

Are you the one we are looking for?

We are always looking for rare talents. You are driven by breaking patterns and challenging systems. You have a sixth sense to make things happen, fast, and you love technology. You appreciate the

high pace in a small and dynamic company and you have a passion for technical/software product management. You have skills in Project Management, Technical Product Management and product/function ownership. Apart from an organized and structured way of working you are definitely someone who is customer oriented by heart. In this position you must have a willingness and ability to travel.

What can Coala offer you?

The Technical Product Owner is a new position in our company. You will have a great opportunity to develop in a global company with really high ambitions. Coala has received many awards and is ranked as one of the most exciting and promising health care growth companies in Sweden. Our brand new office in Uppsala, in walking distance from the train-station, will be your base but you can also work partially from home. This is a great opportunity to gain experience both in a technical- and a commercial perspective.
