

UX-DESIGNER / SOFTWARE DEVELOPER WITH PROJECT MANAGEMENT SKILLS

Posted on 16 januari, 2023

Company Name Coala Life AB

Location Uppsala/Stockholm

Job Description

Do you want to be part of a small, global and expansive medtech-company in Uppsala with the vision to win the fight against the world's most common causes of death? Are you a curious and committed person who is driven by the opportunity to work with the best in the industry and to take great responsibility? We are looking for a talented UX-designer or Software Developer with interest to grow in the role as SCRUM master and project management. In this position, you will be able to combine your interest in project management, using Scrum and Kanban, with your passion in coding or UX design.

The development team at Coala Life is a team of dedicated and talented SW developers and engineers, where you will be able to grow and work across the full spectrum of the software components of our system, from IOS and Android apps to cutting edge web services on Azure. We understand the value of knowledge sharing, which provides an inspiring and creative work environment. We support each other and constantly share feedback and knowledge to improve our results.

To fit this position, you have probably worked as UX-designer or SW developer for at least 1-2 years and have already found interest to combine your SW/UX development skills with leading day-to-day activities of a team of developers, following Agile principles, preferably using Kanban.

SW environment

- FE technology: Angular 2+, CSS, TypeScript, GraphQL
- BE technology: C# .Net, SQL, GraphQL
- iOS and Android
- UX: Figma, Skote
- Azure Devops, Git

Capabilities, Qualifications & Experience

- Minimum 1-2 years of work experience, 3y+ advantageous
- Professional level English (spoken/written)
- Background in either FE-dev, app-dev or UX design.
- Experience in team lead, SCRUM-master or project management
- Self-propelled and eager to master a new domain

Are you the one we are looking for?

We are always looking for rare talents. You have a sixth sense to make things happen, fast, and you love technology and design and of course you have a passion for doing good. You appreciate the high pace in a small and dynamic company. We believe that the best results come from a fruitful team effort. Therefore, you must be a flexible and positive person that thrives from teamwork. You must also possess the ability and willingness to handle many different tasks and changes of priorities.

What can Coala offer you?

At Coala, you will have a great opportunity to develop in a global company with really high ambitions. Coala has received many awards and is ranked as one of the most exciting and promising health care growth companies in Sweden. Our new office in Uppsala, in walking distance from the train-station, will be your base but you can also work partially from home. This is a great opportunity to use and to strengthen your experience in electronics for medical devices.
